III – M.B.B.S. PART – II: WINTER – 2018
SUBJECT : GENERAL MEDICINE – I

Day : Tuesday
Date : 08/01/2019

Time : 2.00 PM to 4.00 PM
Max. Marks : 60

N.B.:

1) All questions are **COMPULSORY**.
2) Figures to the right indicate **FULL** marks.
3) Draw neat and labeled diagram **WHEREVER** necessary.
4) Answers to both the section should be written in **SEPARATE** answer book.

SECTION – I

Q.1 Discuss etiology, clinical features and management of Subacute Bacterial Endocarditis. **[10]**

Q.2 Write notes on: **[08]**

a) Treatment of Bronchial asthma
b) Management of Congestive cardiac failure

Q.3 Write short notes on **ANY THREE** of the following: **[12]**

a) Etiology and treatment of Iron deficiency anemia
b) Management of Acute Myocardial Infarction
c) Lipid lowering agents
d) Occupational lung diseases

SECTION – II

Q.4 Discuss etiology and management of acute Cerebrovascular Accident. **[10]**

Q.5 Write notes on: **[08]**

a) Clinical features of Hypothyroidism
b) Management of Guillain Barre Syndrome

Q.6 Write short notes on **ANY THREE** of the following: **[12]**

a) Management of Diabetic Ketoacidosis
b) Clinical features of Acromegaly
c) Hyperkalemia
d) Urinary tract infection

III – M.B.B.S. PART – II : WINTER – 2018
SUBJECT : GENERAL MEDICINE – II

Day : Wednesday | Time : 2.00 PM to 4.00 PM
Date : 09/01/2019 | Max. Marks : 60

N.B.:

1) All questions are **COMPULSORY**.
2) Figures to the right indicate **FULL** marks.
3) Draw neat and labeled diagrams **WHEREVER** necessary.
4) Answers to both the sections should be written in **SEPARATE** answer book.

SECTION – I

Q.1 Describe clinical features, complications and management of Malaria. **[08]**

Q.2 Discuss clinical features and management of Organophosphorous compound poisoning. **[08]**

Q.3 Write notes on: **[12]**
a) Irritable Bowel Syndrome
b) Treatment of Gout

Q.4 Write notes on: **[08]**
a) Proton pump inhibitors
b) Diagnosis of Rheumatoid Arthritis

SECTION – II

Q.5 Write notes on: **[12]**
a) Schizophrenia – types and treatment
b) Scabies

Q.6 Write notes on **ANY FOUR** of the following: **[12]**
a) Stevens Johnson Syndrome
b) Ridley and Jopling classification of Leprosy
c) Pellagra
d) Bulimia Nervosa
e) Causes of falls in elderly

SARASWATI-IV : JULY-2018

SUBJECT : GENERAL MEDICINE PAPER-I

Day: Monday **Time: 2.00 pm To 4.00 pm**

Date : 09/07/2018 **Max. Marks: 60**

N.B.:

1) All questions are **COMPULSORY**.
2) Answer to the both Sections should be written in **SEPARATE** answer books.
3) Figures to the **RIGHT** indicate full marks.
4) Draw neat labelled diagram **WHEREVER** necessary.

SECTION – I

Q.1 Discuss aetiology, clinical features and management of Acute Rheumatic Fever **(10)**

Q.2 Write notes on: **(08)**

a) Clinical features and management of community acquired pneumonia
b) Tension pneumothorax

Q.3 Write short notes on **ANY THREE** of the following: **(12)**

a) Treatment of Megaloblastic Anemia
b) First line Anti Tuberculous Drugs
c) Management of Congestive Cardiac Failure
d) Amiodarone

SECTION – II

Q.4 Discuss clinical features and management of Diabetic Ketoacidosis. **(10)**

Q.5 Write notes on: **(08)**

a) Generalised Tonic Clonic Seizures
b) Management of Bacterial Meningitis

Q.6 Write short notes on **ANY THREE** of the following: **(12)**

a) Sulfonylureas
b) Metabolic Acidosis
c) Aetiology of Nephrotic Syndrome
d) Clinical features of Hyperthyroidism

* * * * *

SARASWATI – IV – JULY 2018
SUBJECT : GENERAL MEDICINE PAPER – II

Day : Tuesday
Date : 10/7/2018

Time : 2.00 pm to 4.00pm
Max. Marks : 60

N. B. :

1) All questions are **COMPULSORY**.
2) Figures to the right indicate full **MARKS**.
3) Draw neat and labeled diagram **WHEREVER** necessary.
4) Answers to both the sections should be written in **SEPARATE** answer books.

SECTION – I

Q. 1 Describe clinical features, complications and management of Dengue Fever **(08)**

Q. 2 Discuss clinical features and management of snake bite **(08)**

Q. 3 Write short notes on **(12)**
a) Vitamin D
b) Clinical features of Rheumatoid Arthritis

Q. 4 Write short notes on **(08)**
a) Clinical features and complications of Ulcerative Colitis
b) Falls in Elderly Population

SECTION - II

Q. 5 Write notes on **(12)**
a) Obscessive Compulsive Neurosis
b) Paranoid Schizophrenia

Q. 6 Write short notes on **ANY FOUR** of the following: **(12)**
a) Clinical spectrum of Leprosy
b) Treatment of Scabies
c) Anorexia Nervosa
d) Toxic Epidermal Necrolysis
e) Pediculosis

III-M.B.B.S. PART-II: WINTER 2017
SUBJECT: GENERAL MEDICINE PAPER-I

Day : Saturday
Date : 06/01/2018

Time: 2.00 pm To 4.00 pm
Max. Marks: 60.

W-2017-3278

N.B.:

1) All questions are **COMPULSORY.**
2) Figures to the **RIGHT** indicate full marks.
3) Draw neat and labeled diagrams **WHEREVER** necessary.
4) Answers to both the sections should be written in **SEPARATE** answer books.

SECTION-I

Q.1 Discuss aetiology, clinical features and management of pericardial effusion. **(10)**

Q.2 Write short answers: **(08)**

a) Causes and ECG features of atrial fibrillation

b) Tension pneumothorax

Q.3 Write short notes on any **THREE** of the following: **(12)**

a) Investigations in pulmonary embolism

b) Management of Acute Severe Bronchial Asthama

c) First line Anti-Tubercular drugs

d) Clinical features of Multiple Myeloma

SECTION-II

Q.4 Discuss clinical features and management of Parkinson's disease. **(10)**

Q.5 Write short answers: **(08)**

a) Chronic Complications of Diabetes Mellitus

b) Clinical features and management of Nephrotic syndrome

Q.6 Write short notes on any **THREE** of the following: **(12)**

a) Side effects of corticosteroids

b) Complications of obesity

c) Drugs used in treatment of Myasthenia Gravis

d) Clinical features of hypothyroidism

SARASWATI – IV: JULY – 2017
SUBJECT: GENERAL MEDICINE PAPER – II

Day: Thursday
Date: 06/ 07/ 2017

Time: 2. 00 p.m. to 4.00. p.m.
Max. Marks: 60

N.B.:

1) All questions are **COMPULSORY**.
2) Figures to the right indicate **FULL** marks.
3) Answers to both the sections should be written in **SEPARATE** answer books.
4) Draw neat labeled diagrams **WHEREVER** necessary.

SECTION-I

Q.1 Discuss the clinical features and management of Acute Hepatic Encephalopathy. (08)

Q.2 Discuss the clinical features and management of Enteric fever. (08)

Q.3 Write notes on: (12)

a) Treatment of Rheumatoid Arthritis
b) Clinical features and management of Acute Pancreatitis

Q.4 Write short notes on: (08)

a) Diagnosis of HIV Infection
b) Management of Snake Bite

SECTION-II

Q.5 Write notes on: (12)

a) Lepromatous Leprosy- clinical features and management
b) Obsessive- compulsive disorder

Q.6 Write short notes on **Any FOUR** of the following: (12)

a) Alcohol withdrawal
b) Vitamin A deficiency
c) Biology of aging
d) Lichen Planus
e) Tinea versicolor

SARASWATI-IV: JANUARY 2017
SUBJECT : GENERAL MEDICINE PAPER-I

Day : Friday
Date : 06/01/2017

Time : 2.00 pm To 4.00 pm
Max. Marks : 60.

N.B.:

1) All questions are **COMPULSORY.**
2) Answers to the two sections should be written in **SEPARATE** answer books.
3) Figures to the **RIGHT** indicate full marks.
4) Draw neat labeled diagrams **WHEREVER** necessary.

SECTION-I

Q.1 Describe the Etiology, clinical features and management of Community Acquired Pneumonia. **(10)**

Q.2 Write notes on: **(08)**
a) Management of Acute left ventricular failure
b) Multi-drug resistant tuberculosis

Q.3 Write short notes on any **THREE** of the following: **(12)**
a) Diagnosis of Hemolytic anaemia
b) Pink puffers vs Blue bloaters
c) Diagnostic criteria of Acute Rheumatic fever
d) Management of stable angina.

SECTION-II

Q.4 Discuss the clinical features and management of chronic kidney disease. **(10)**

Q.5 Write notes on: **(08)**
a) Management of Diabetic Ketoacidosis
b) Clinical features and management of Parkinson's diseases

Q.6 Write short notes on any **THREE** of the following: **(12)**
a) Clinical features and management of hypothyroidism
b) Uses of Beta Blockers
c) Clinical features of Myasthenia gravis
d) Hypocalcemia.

* * *

SARASWATI-IV: JANUARY 2017
SUBJECT: GENERAL MEDICINE PAPER-II

Day : Saturday | Time : 2.00 pm To 4.00 pm

SARASWATI-IV : JULY 2013
SUBJECT : GENERAL MEDICINE PAPER-II

Day : Wednesday
Date : 10/07/2013

Time : 2.00 pm To 4.00 pm
Max. Marks : 60.

N.B.:

1) All questions are **COMPULSORY.**
2) Answer to the two sections should be written in **SEPARATE** answer books.
3) Figures to the **RIGHT** indicate full marks.
4) Draw neat labeled diagrams **WHEREVER** necessary.

SECTION-I

Q.1 Discuss precipitating causes, clinical features and management of Hepatic encephalopathy. **(08)**

Q.2 Discuss clinical features and management of Rheumatoid Arthritis. **(08)**

Q.3 Write notes on: **(12)**
- **a)** Cerebral malaria
- **b)** Organophosphorus poisoning.

Q.4 Write short notes on: **(08)**
- **a)** Total parentral nutrition
- **b)** Dementia.

SECTION-II

Q.5 Write short notes on: **(12)**
- **a)** Skin manifestations of HIV infection
- **b)** Alcohol withdrawal syndrome.

Q.6 Write short notes on any **FOUR** of the following: **(12)**
- **a)** Scabies
- **b)** Steven Johnson syndrome
- **c)** Gonorrhea
- **d)** Citalopram
- **e)** Acute stress disorder.

SARASWATI-IV : JANUARY 2013
SUBJECT : GENERAL MEDICINE PAPER-I

Day : Wednesday
Date : 09/01/2013

Time : 2.00 pm To 4.00 pm
Max. Marks : 60.

N.B.:

1) All questions are **COMPULSORY.**
2) Answers to the two sections should be written in **SEPARATE** answer books.
3) Figures to the **RIGHT** indicate full marks.
4) Draw neat labeled diagrams **WHEREVER** necessary.

SECTION-I

Q.1 Write about etiology, clinical features and management of Bronchial Asthma. **(10)**

Q.2 Write notes on : **(08)**

a) Complications of Myocardial infarction
b) Iron deficiency anemia.

Q.3 Write short notes on any **THREE** of the following: **(12)**

a) Tubercular pleural effusion
b) Management of congestive heart failure
c) Investigations for a suspected case of Hemolytic anemia
d) ACE inhibitors.

SECTION-II

Q.4 Write about etiology, clinical features, investigations and management of Acute ischemic stroke. **(10)**

Q.5 Write notes on : **(08)**

a) Diabetic nephropathy
b) Clinical features of chronic kidney disease.

Q.6 Write short notes on any **THREE** of the following: **(12)**

a) Clinical features of Hypothyroidism
b) Hyperkalemia
c) CSF picture in pyogenic meningitis and tuberculosis meningitis
d) Sulphonylureas.
