

MASTER OF SCIENCE (NURSING) (2008 COURSE)
First Year M.Sc. Nursing Medical Surgical Nursing : WINTER : 2023
SUBJECT : CLINICAL SPECIALITY- I MEDICAL SURGICAL NURSING

Day : Tuesday

Time : 10:00 AM-01:00 PM

Date : 17-10-2023

W-3641-2023

Max. Marks : 75

N.B.

- 1) All questions are **COMPULSORY**.
- 2) Answers to both the sections should be written in **SEPARATE** answer books.
- 3) Figures to the right indicate **FULL** marks.

SECTION – I

Q.1 Write short notes on any **FOUR** of the following: **(16)**

- a) Nursing Management of patient with Colon Cancer
- b) Nursing diagnosis
- c) Patients bill of Rights
- d) Physical examination of central nervous system
- e) Thrombolytic therapy
- f) Bronchoscopy

Q.2 Answer any **TWO** of the following:

- A)** Mr. Sadashiv 64 yrs. man admitted in ICU and diagnosed for Myocardial infraction (MI)
- i) Write down causes and risk factors of Myocardial infraction (MI) **(03)**
 - ii) Explain pathophysiology of Myocardial infraction (MI) **(04)**
 - iii) Write down nursing management of patients with CABG **(04)**
- B)** Mr. Popat admitted in Surgery ward diagnosed as Intestinal obstruction
- i) Write down causes and signs and symptoms of Intestinal obstruction **(03)**
 - ii) Explain Pathophysiology of Intestinal obstruction **(04)**
 - iii) Prepare a nursing care plan to Mr. Popat **(04)**
- C)** Mrs. Suman a known case of Chronic Obstructive Pulmonary Disease (COPD) admitted in ICU .
- i) Describe the causes and clinical manifestations of COPD **(03)**
 - ii) Explain the emergency management of exacerbation of COPD **(03)**
 - iii) Prepare a nursing care plan to Mrs. Suman. **(05)**

P.T.O.

SECTION - II

Q.3 Write short notes on any **THREE** of the following: **(15)**

- a) Urinary Retention
- b) Pressure sores
- c) Acute pharyngitis
- d) Cervicitis
- e) Hypothermia
- f) Role of Nurse in care of elderly – Ambulation, Nutrition

Q.4 Answer any **TWO** of the following:

A) Answer the following:

- i) What do you mean by Hyperpituitarism? **(02)**
- ii) Write a note on Pituitary hormones **(04)**
- iii) Enumerate the complications of Hypopituitarism. **(05)**

B) Mrs. Shanti 62 yrs. old admitted in medicine ward and diagnosed for Rheumatoid Arthritis.

- i) Define the term Rheumatoid Arthritis. **(02)**
- ii) Enlist the causes of risk factors of Rheumatoid Arthritis. **(03)**
- iii) Explain the pathophysiology of Rheumatoid Arthritis. **(03)**
- iv) Enumerate the complications of Rheumatoid Arthritis. **(03)**

C) Mrs. Paravati 41 yrs. old admitted in medicine ward and diagnosed for Anemia.

- i) Define the term Anemia. **(02)**
- ii) Explain the pathophysiology of iron deficiency Anemia. **(03)**
- iii) Prepare a diet plan for a patient with iron deficiency Anemia. **(04)**
- iv) Enumerate the complications of Anemia. **(02)**

MASTER OF SCIENCE (NURSING) (2008 COURSE)
First Year M.Sc. Nursing MSN MSN :SUMMER- 2022
SUBJECT : CLINICAL SPECIALITY- I MEDICAL SURGICAL NURSING

Day : Friday
Date : 3/6/2022

S-3641-2022

Time : 10:00 AM-01:00 PM
Max. Marks : 75

N.B.

- 1) Solve **ANY FOUR** questions from Section – I and **ANY TWO** questions from Section – II.
- 2) Attempt both the sections in **SAME** answer book.
- 3) Figures to the right indicate **FULL** marks.

SECTION – I

Q.1 Answer **ANY TWO** of the following:

- a) Mrs. Komal 46 year old female came to OPD with complaints of weight gain, disturb BMR and dyspnea on exertion, diagnosed as Hypothyroidism answer the following questions.
 - i) Enlist clinical manifestation of Hypothyroidism. **(03)**
 - ii) Explain pathophysiology for Hypothyroidism. **(04)**
 - iii) Describe Nursing Care for Mrs. Komal after thyroidectomy. **(04)**
- b) 79 year old male admitted in medical ward with aging problems like joint pain, having loss activity intolerance, answer the following question:
 - i) Write down aging problem of elderly. **(03)**
 - ii) Explain any two theories of aging. **(04)**
 - iii) Describe role of Nurse for care of elderly. **(04)**
- c) Mrs Raziya age 44 recently diagnosed is hospitalized.
 - i) Enlist mode of transmission of HIV/AIDS. **(03)**
 - ii) Counselling for HIV/AIDS patient. **(04)**
 - iii) Explain role of nurse in prevention of opportunistic infection. **(04)**

Q.2 Write short notes on **ANY FOUR** of the following:

- a) Nitroglycerin (NTG)
- b) Hypospadiasis
- c) Classification of burn
- d) Pressure sores
- e) Dialysis
- f) Classification of Anemia

P.T.O.

SECTION – II

Q.3 Write short note on **ANY THREE** of the following: **(15)**

- a) Myths and realities of ageing
- b) Epistaxis
- c) Dermatitis
- d) Eye banking
- e) Encephalitis
- f) Peritoneal dialysis

Q.4 Write Long Questions on **ANY TWO**: **(4x4=16)**

- a) Mr. X is admitted in male ward and with a complained of blurred vision and diagnosed with retinal detachment:
 - i) Define retinal detachment **(01)**
 - ii) Explain the sign and symptoms of retinal detachment. **(03)**
 - iii) Write the surgical management of retinal detachment. **(03)**
 - iv) Write the nursing management of patient with retinal detachment. **(04)**

- b) Mr. X is admitted in male medical ward and diagnosed with meningitis :
 - i) Define meningitis. **(01)**
 - ii) Explain the sign and symptoms of meningitis. **(03)**
 - iii) Write the pathophysiology of meningitis. **(03)**
 - iv) Write the nursing management of patient with meningitis. **(04)**

- c) Mr. X is admitted in male medical ward with a complain of chest pain and diagnosed with Myocardial infarction:
 - i) Define Myocardial infarction. **(01)**
 - ii) Explain the sign and symptoms of Myocardial infarction. **(03)**
 - iii) Write the pathophysiology of Myocardial infarction. **(03)**
 - iv) Explain CABG and PTCA as surgical management of MI. **(04)**

* * *

F. Y. M. Sc. (Nursing) (2008 COURSE) : SUMMER – 2021
SUBJECT : CLINICAL SPECIALITY – I : MEDICAL SURGICAL NURSING

Day : Wednesday

Date : 02-06-2021 S-2021-3641

Time : 10:00AM-TO 1:00P.M.

Max. Marks : 75

N.B.:

- 1) Attempt **ANY THREE** questions from each section.
- 2) Figures to the right indicate **FULL** marks.
- 3) Draw neat and labeled diagram **WHEREVER** necessary.
- 4) Answers to both the sections should be written in **SEPARATE** answer books.

SECTION – I

- Q.1** Answer **ANY TWO** of the following:
- A)** 70 years old lady is admitted in medical ward.
- i)** Write down the problems of old age people. [03]
 - ii)** Explain the legal and ethical issues in Geriatric Nursing. [04]
 - iii)** Enumerate the Provisions and Programs provided by the Government for the elderly population. [04]
- B)** Mr. Piyush 20 years old has met with road traffic accident, he has been diagnosed with Hip Fracture.
- i)** Explain the pathophysiology of fracture. [03]
 - ii)** Write in detail the Nursing management of Mr. Piyush posted for partial Hip replacement surgery. [05]
 - iii)** List the complications of fractures. [03]
- C)**
- i)** Define and enlist causes of Diabetes Mellitus. [04]
 - ii)** Explain the clinical manifestation in Diabetes Mellitus. [03]
 - iii)** Explain the Medical and Dietary management in Diabetes Mellitus. [04]
- Q.2** Write short notes on **ANY FOUR** of the following: [16]
- a) Care of patient with HIV
 - b) Heat stroke
 - c) Contact Dermatitis
 - d) Health Education to patient who has undergone cataract surgery
 - e) Dysfunctional Uterine Bleeding
 - f) Prevention of Pressure Sores

SECTION – II

- Q.3** Write short notes on **ANY THREE** of the following: [15]
- a) Haemodialysis
 - b) Cardio-pulmonary cerebral resuscitation
 - c) Ambulatory care
 - d) Trends in Medical Surgical Nursing
 - e) Hemophilia
 - f) Nutritional assessment
- Q.4** Answer **ANY TWO** of the following:
- A)** 45 years male admitted in surgical unit and diagnosed as inflammatory bowel disease.
- i)** Enlist the inflammatory bowel disorders and its causes. [02]
 - ii)** Discuss total parenteral nutrition for this client. [04]
 - iii)** Prepare teaching plan for this client who is undergone ileostomy. [05]
- B)**
- i)** Define acute respiratory distress syndrome (ARDS). [02]
 - ii)** Enumerate the causes and pathophysiology of ARDS. [04]
 - iii)** Discuss the medical and nursing management of this client by using process. [05]
- C)**
- i)** Define intra cranial pressure. [02]
 - ii)** Write the etiological factors and clinical manifestation of increased intra cranial pressure. [04]
 - iii)** Explain the medical and nursing management of client with increased intra cranial pressure. [05]

(2008 course)
Ist Year M.Sc. (Nursing): SUMMER - 2020
SUBJECT: CLINICAL SPECIALITY-I MEDICAL SURGICAL NURSING

Day: Friday
Date: 04-02-2020

Time: 01:00 P.M. TO 4:00 P.M.
Max. Marks: 75

S-2020-3641.

N.B.:

- 1) All questions are **COMPULSORY**.
- 2) Figures to the **RIGHT** indicate full marks.
- 3) Answers to section -I and Section -II should be written in **SEPARATE** answer books.
- 4) Draw diagrams **WHEREVER** necessary.

SECTION-I

- Q.1** Write a short notes on (**ANY FOUR**): (16)
- a) Prevention and Nursing care of pressure sores
 - b) Blindness
 - c) Snake Bite
 - d) Steroids
 - e) Insulin Therapy
- Q.2** Answer any **TWO** questions of the following.
- A)** Mr. Ram Joshi, 65 up old male is diagnosed as case of D. M.
- i) Define D. M (01)
 - ii) Specify difference between IDDM and NIDDM (03)
 - iii) Specify complications of D. M. (02)
 - iv) Plan nursing care for Mr. Ram Joshi (05)
- B)** Mr. Simon Disoza, 85 years male is admitted with geriatric problem due to aging.
- i) Define aging. (01)
 - ii) Explain biological aging and body system changes in aging (03)
 - iii) Highlight legal and ethical aspects related to aging (03)
 - iv) Discuss role of nurse in care of elderly. (04)
- C)** Mr. Ganesh 23 years old male is admitted with Head injury after a RTA and is advised for emergency craniotomy.
- i) Give meaning to RTA and explain possible injuries in RTA. (02)
 - ii) Enlist causative factors of RTA at above specific age. (02)
 - iii) Explain possible complications of RTA. (02)
 - iv) Explain pre and post nursing management for Mr. Ganesh. (05)

P. T. O.

SECTION-II

- Q.3** Write a short notes on (**ANY THREE**): **(15)**
- a) National Aids control programme.
 - b) Nutritional assessment of adults.
 - c) Nursing process approach in medical surgical nursing.
 - d) Glasgow coma scale
 - e) Pathophysiology of CRF
- Q.4** Answer any **TWO** questions of the following.
- A)** Mr. Krishnakant, a 60 years man is admitted with Right sided stroke
Answer the following:
- i) Explain Cushing's triad in brief **(02)**
 - ii) Enumerate the etiological factors and clinical features of Rights sided stroke. **(04)**
 - iii) Discuss the nursing care for two priority nursing diagnosis. **(05)**
- B)** Mrs. Vasanta is admitted with Congestive Heart failure. Answer the following questions with reference to CCF.
- i) Differentiate between right and left heart failure. **(03)**
 - ii) Write a brief note on assessment and nursing management of fluid overload. **(04)**
 - iii) Describe the pharmacological management of CCF. **(04)**
- C)** Mrs. Yamuna a post menopausal woman has reported to the Nephrology OPD with complaints of abdominal pain, nausea and burning micturation.
- i) Enumerate the clinical features of Renal calculus. **(03)**
 - ii) Explain the surgical management of renal calculus. **(03)**
 - iii) Plan the Health Education teaching for Mrs. Yamuna. **(05)**

* * * *

F.Y. M. Sc. (Nursing) (2008 Course) : SUMMER - 2019
SUBJECT : CLINICAL SPECIALITY – I: MEDICAL SURGICAL NURSING

Day : Saturday
Date : 27/04/2019

S-2019-4344

Time : 10.00 A.M. TO 01.00 P.M.
Max. Marks : 75

N.B.:

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate **FULL** marks.
- 3) Draw neat diagrams **WHEREVER** necessary.
- 4) Answers to both the sections should be written in **SEPARATE** answer book.

SECTION – I

Q.1 Write short notes on **ANY FOUR** of the following: **[16]**

- a) Current concept of health
- b) Physical examination of ear
- c) Nursing diagnosis
- d) Management of patient with colon cancer
- e) Thrombocytopenia
- f) Bronchoscopy

Q.2 Answers **ANY TWO** of the following:

- A)** Mr.X is admitted to medical ward with the complaints of severe headache and fever.
- i) Define meningitis. **[01]**
 - ii) List down the clinical manifestations of meningitis. **[02]**
 - iii) Explain the pathophysiology of meningitis. **[03]**
 - iv) Prepare a nursing care plan for Mr. X. **[05]**
- B)** Mr. Y is admitted to male medical ward with the complaints of evening rise of fever and weight loss. He was diagnosed as a case of Pulmonary Tuberculosis.
- i) List down the causes of Pulmonary Tuberculosis. **[01]**
 - ii) Explain the pathophysiology of Pulmonary Tuberculosis. **[03]**
 - iii) Write a note on DOTS therapy. **[03]**
 - iv) Explain the dietary management for Mr. Y. **[04]**
- C)** Mr. X is a known case of Rheumatic Heart Disease (RHD).
- i) Explain the pathophysiology of RHD. **[03]**
 - ii) List down the clinical manifestations of RHD. **[03]**
 - iii) Write a note on patient education and health maintenance in case of RHD. **[03]**
 - iv) List down the complications of RHD. **[02]**

P.T.O.

SECTION – II

- Q.3** Write short notes on **ANY THREE** of the following: [15]
- a) Management of organophosphorous poisoning
 - b) Surgical management of benign hypertrophy of prostate
 - c) Continuous ambulatory peritoneal dialysis
 - d) Prevention and patient teaching about renal calculi
 - e) Classification and clinical manifestations of glaucoma
- Q.4** Answer **ANY TWO** of the following:
- A)** Mr. P is admitted to orthopedic ward with the diagnosis of Rheumatoid Arthritis.
- i) Define Rheumatoid Arthritis. [02]
 - ii) Compare the clinical manifestation of Rheumatoid Arthritis and Osteoarthritis (O.A). [05]
 - iii) Discuss in brief the treatment of Rheumatoid Arthritis. [04]
- B)** Mr. X, a seropositive labourer, is admitted with fever and severe weakness.
- i) Briefly discuss the diagnosis of HIV. [03]
 - ii) Explain the pathophysiology of HIV / AIDS. [04]
 - iii) Discuss the nursing considerations in care of patient with HIV. [04]
- C)** Mr. R is admitted in ICU with diagnosis of Diabetic Ketoacidosis.
- i) Define Diabetic Ketoacidosis. [02]
 - ii) Discuss the pathophysiology of Diabetic Ketoacidosis. [04]
 - iii) Explain the management of Mr. R within the first 48 hours. [05]

* * * *

MANJARA - I (2008 COURSE): APRIL / MAY - 2011
SUBJECT: CLINICAL SPECIALITY- 1 MEDICAL SURGICAL NURSING

Day: *Saturday*
Date: *23-04-2011*

Time: *8:00 AM TO 12:00 NOON*
Max. Marks: 75

N.B.:

- 1) All questions are **COMPULSORY**.
- 2) Answer to Section I and II should be written on **SEPARATE** answer books.
- 3) Figures to the right indicate **FULL** marks.
- 4) Draw diagrams **WHEREVER** necessary.

SECTION-I

- Q.1** Write short notes on **ANY FIVE** of the following: (15)
- a) Differentiate between Metabolic and respiratory acidosis.
 - b) Glasgow coma scale
 - c) BSE
 - d) Adult one person BLS
 - e) Diet in diabetes mellitus
 - f) Predisposing factors for lower leg venous stasis
 - g) Management of unstable angina
 - h) Pathophysiology of flu
- Q.2** A) Answer **ANY TWO** questions of the following: (12x2)
- Mrs. Gaikwad a 50 years old man is admitted with bronchial asthma. He is extremely short of breath and his saturation is 60%.
Answer the following:
- i) What is the pathophysiology associated with his signs symptoms? (02)
 - ii) What nursing interventions will promote air -way clearance? (03)
 - iii) Discuss briefly about Arterial blood gas findings of a normal person. (04)
 - iv) Discuss the medical and drug management of Mrs. Gaikwad. (03)
- B) i) What are the principles of traction? (02)
- ii) Briefly describe the nursing rehabilitation of a patient undergoing total hip replacement. (05)
- iii) Briefly discuss the pathophysiology of spinal cord injury. (05)
- C) Mrs. Nene a 70 years old woman is admitted with cancer colon. She is operated for colostomy.
Answer the following:
- i) List the risk factors of Ca colon. (02)
 - ii) Briefly discuss the possible complications to colostomy stump and surrounding areas. (03)
 - iii) Discuss the nursing management of Mrs. Nene in relation to colostomy. (04)
 - iv) List the health educations on discharge. (03)

P. T. O.

SECTION-II

Q.3 Write short notes on **ANY FOUR** of the following: **(12)**

- a) Diet in hypertension
- b) Irritable bowel syndrome
- c) Alzheimer disease
- d) Digitalization
- e) Pacemaker
- f) Consumer protection Act
- g) Defibrillation

Q.4 **A)** Answer **ANY TWO** of the following: **(12x2)**

Mr. X 40 yrs old man is admitted in the medical ward with chronic renal failure.

- i) Plan care for Mr. X for a day **(04)**
- ii) Write the care of patient on dialysis. **(04)**
- iii) Plan a diet for Mr. X **(02)**
- iv) Explain the signs and symptoms of chronic renal failure with reasons **(03)**

B) Mr. Y 26 years old is diagnosed as Hyperthyroidism. He is posted for surgery.

- i) Discuss the signs as symptoms of Hyperthyroidism **(03)**
- ii) Explain how the patient is brought to eu thyroid state before surgery. **(03)**
- iii) How will you identify complications in the post operative period? **(04)**
- iv) How will you identify and treat tetny? **(03)**

C) Mr. A 60 years old man came to hospital with dribbling of urine.

- i) What investigation you would like to do for Mr. A **(03)**
- ii) Write down the immediate management of Mr. A. **(04)**
- iii) Write down post operative management of Mr. A. **(03)**
- iv) Enlist the post operative complications of Mr. A and its management. **(03)**

* * * * *

MANJARA - I (2008 COURSE) : APRIL/MAY 2012
SUBJECT: CLINICAL SPECIALITY - I : A) MEDICAL SURGICAL NURSING

Day: Wednesday
Date: 02-05-2012

Time: 9:00AM TO 12:00NOON
Max Marks.75

N.B.

- 1) All questions are **COMPULSORY**.
- 2) Answer to both sections should be written in **SEPARATE** answer book.
- 3) Figures to the right indicate **FULL** marks.

SECTION - I

- Q.1** A 52 year old patient is admitted for CABG (03)
- a) Write the immediate post operative care for this patient. (03)
 - b) What are the complications in this patient? (03)
 - c) Discuss the nursing management for the patient. (06)
- Q.2** Answer the following
- a) Explain the life style of patient for prevention of osteoporosis. (03)
 - b) What are the symptoms of a patient with osteoporosis? (03)
 - c) Discuss the treatment options of a patient with this condition. (05)
- Q.3** Write short notes to any **THREE** of the following (15)
- a) Blood transfusion
 - b) Heamodialysis
 - c) Radiation therapy
 - d) Neurological assessment
 - e) Diverticulitis

SECTION - II

- Q.4** Ms. X 65 yrs old lady is admitted in surgical ward for cataract surgery. (07)
- a) Write down age related changes in the body systems. (07)
 - b) Plan diet for Mrs X in accordance with her age and surgery (05)
 - c) Plan care for her after surgery.
- Q.5** Mr. X 35 yrs old met with an accident and has sustained # fever and head injury
- a) Write first aid management of # femur (05)
 - b) Make a glassgow coma scale for observation (04)
 - c) Plan care for Mr. Y for 24 hrs (04)
- Q.3** Write short notes to any **THREE** of the following (12)
- a) Heat exhaustion
 - b) Trachcostomy care
 - c) F oreign body in Nose
 - d) Aene

MANJARA - I (2008 COURSE): APRIL / MAY - 2013
SUBJECT: CLINICAL SPECIALITY - I
MEDICAL SURGICAL NURSING

Day : Monday
Date : 29-04-2013

Time: 9:00 A.M. To 12:00 Noon.
Max. Marks: 75.

N.B.:

- 1) Attempt ANY THREE questions from each section.
- 2) Figures to the right indicate FULL marks.
- 3) Draw neat and labeled diagram WHEREVER necessary.
- 4) Attempt both sections on SEPARATE answer books.

SECTION-I

- Q.1 Write short notes on ^{four} ANY FIVE of the following: 16
[15]
- a) First aid in drowning
 - b) Prevention of sexually transmitted disease
 - c) Ethical aspects in Geriatrics
 - d) Management of a patient with dysfunctional uterine bleeding
 - e) Immediate post operative care of patient with tonsillectomy
 - f) ARDs
 - g) Diet in anemia
 - h) Glasgow coma scale
- Q.2 Write in brief on ANY TWO of the following: [22]
- a) Mr. Abraham, a 40 years old is admitted in surgical ward as a case of acute abdomen. Answer the following:
 - i) Cardinal signs of acute abdomen. [02]
 - ii) List the causes of acute abdomen. [02]
 - iii) Management of patient with peptic ulcer. [04]
 - iv) Health education for a patient on discharge after haemorrhoidectomy. [03]
 - b) Miss. Remya, 20 years old met with road traffic accident, she is diagnosed with fracture femur. Answer the following:
 - i) Patho physiology of fracture. [05]
 - ii) Nursing care of Remya on skeletal traction. [04]
 - iii) List the health education in the hospital and after discharge for Ms. Remya. [02]
 - c)
 - i) Define Renal Calculi. [02]
 - ii) List the types of renal calculi. [04] 04
 - iii) Discuss the medical management of renal calculi. [03]
 - iv) Discuss the nursing management of a patient with renal calculi. [02]

P.T.O.

SECTION - II

Q. 4 Write short notes on ANY FIVE of the following: (15)

- a) Treatment of Epilepsy.
- b) Diet in diabetes.
- c) Signs and symptoms of poliomyelitis.
- d) Difference between hypothyroidism and hyperthyroidism.
- e) Digitalis toxicity
- f) Antitubercular treatment
- g) Deviated nasal septum
- h) Care of skull traction

- Q. 5 A) *Any two.* A 24 years old boy sustained cervical spine injury. (04)
- i) Discuss first aid management of spinal injury. (04)
 - ii) Write nursing care plan of a quadriplegic patient. (04)
 - iii) Write in detail the action to be taken for prevention of decubitus ulcer. (03)
- B) A patient with Leukemia is admitted in medical ward. (03)
- i) What investigations should be done? (03)
 - ii) Discuss in detail the role of nurse while giving blood transfusion. (04)
 - iii) Discuss about barrier nursing. (04)
- C) A 70 year old diabetic patient is admitted with hyperglycemia for control of blood sugar.
- i) Discuss about psychosocial aspects of ageing. (03)
 - ii) What investigations you would like to do? (04)
 - iii) Plan a Health education programme for the patient and her relatives. (04)

* * * * *

MANJARA - I (2008 COURSE) : ~~APRIL / MAY - 2014~~
SUBJECT : CLINICAL SPECIALITY - I : MEDICAL SURGICAL NURSING

Day : Saturday
Date : 03-05-2014

Time : 9:00 AM TO 12:00 NOON
Max. Marks : 75

N.B.

- 1) All questions are **COMPULSORY**.
- 2) Answer to Section - I and II should be written on **SEPARATE** answer books.
- 3) Figures to the right indicate **FULL** marks.
- 4) Draw diagrams where necessary.

SECTION - II

- Q.1** Write short notes on any **FIVE**: (15)
- a) Rights of patients
 - b) Differentiate critical and acute care
 - c) Swine flu pathophysiology
 - d) Oral hypoglycemics
 - e) Preparation for cancer chemotherapy
 - f) Diet in iron deficiency anemia
 - g) Complications of thyroidectomy
 - h) Prevention of Osteo arthritis
- Q.2** A) Mrs. X a 50 year old is admitted in Medical ICU with chest pain and her ECG is normal.
- i) List the probable causes of chest pain. (02)
 - ii) Write in detail the possible investigations that may be done on her and its reasons. (05)
 - iii) Write the nursing care for the first 2 hours for Mrs. X. (03)
 - iv) List the rehabilitative measures that you will provide her during her stay in MICU. (02)
- B) Mr. Shekar, a 28 years old unmarried sales representative had met with two wheeler accident. He is admitted with surgical ward with fracture of tibia and fibula and head injury
- i) Write briefly the specific observations and nursing care related to head injury. (03)
 - ii) Discuss the first aid management for fracture. (05)
 - ii) Discuss briefly about the anti cerebral odema drugs. (04)
- C) i) Define cholelithiasis. (02)
- ii) Briefly describe the causes and pathophysiology of cholelithiasis.
 - iii) Describe ERCP and preparation of ERP. (04)
 - iv) List the nursing management of a patient with cholelithiasis.

P.T.O.

- Q.3** Write short notes on any **FIVE**:
- First aid management of spinal cord injury.
 - Reaction to hospitalization
 - Bladder training
 - Normal aging process
 - Management of heat stroke
 - Symptoms of BPH
 - Management of cataract
- Q.4** Answer any **TWO** of the following:
- A)** Mr A 25 years old man is admitted to ICU with the history of anuria.
- What could be the possible causes of anuria? (02)
 - What investigation you would like to do in case of Mr. A.? (03)
 - Differentiate between acute and chronic renal failure. (04)
 - Explain the principle of haemodilysis. (03)
- B)** Mrs. V 45 years old lady is admitted to ICU with breathlessness without exertion and dependent oedema.
- Write in detail the symptoms of CCF. (02)
 - Write the pathophysiology of congestive cardiac failure. (03)
 - Plan her care for first 48 hours. (04)
 - Plan health education for her. (02)
- B)** Mr. Y 40 years old was found unconscious at home, was brought to Medical ICU. He was diagnosed as CVA.
- Write the pathophysiology of stroke. (03)
 - Write down the signs and symptoms of CVA. (03)
 - Plan care for first 48 hours. (05)

* * *

MANJARA - I (2008 COURSE) : SUMMER - 2015
SUBJECT: CLINICAL SPECIALITY - I : A) MEDICAL SURGICAL NURSING

Day: Saturday
Date: 02.05.2015

Time: 9.00 A.M. To 12.00 N.
Max Marks. 75

N.B.

- 1) All questions are **COMPULSORY**.
- 2) Answer to both sections should be written in **SEPARATE** answer book.
- 3) Figures to the right indicate **FULL** marks.

SECTION - I

- Q.1** Mr Suhas 60 yr old male is admitted with cancer larynx & posted for laryngectomy.
- a) Discuss the risk factors of Ca larynx. (03)
 - b) What are the clinical features of this patient? (03)
 - c) Discuss the postoperative management of this patient. (06)
- Q.2** Answer the following
