

BACHELOR OF SCIENCE (NURSING) (CBCS-2007 COURSE)
T.Y. B.SC. (NURSING) :SUMMER : 2023
SUBJECT : CHILD HEALTH NURSING

Day : Wednesday

Time : 10:00 AM-01:00 PM

Date : 16-08-2023

S-995-2023

Max. Marks : 75

N.B. :

- 1) All question are **COMPULSORY**.
- 2) Figures to the right indicate **FULL** marks.
- 3) Both the sections should be written in **SEPARATE** answer books.

SECTION – I

Q.1 Write short answer on **ANY FIVE** of the following: **(10)**

- a) Define Mortality
- b) Define exclusive Breast Feeding
- c) Define Immunization
- d) Define Therapeutic play
- e) Enlist Nutritional programme
- f) Components of APGAR Score
- g) Write dose, route and full form of BCG.

Q.2 Write short answer on **ANY FOUR** of the following: **(16)**

- a) Characteristics of Healthy Newborn.
- b) Baby Friendly Hospital Initiative.
- c) Explain psychosexual Development Theory.
- d) Care of child with phototherapy.
- e) Pre and post-operative care of Infant.
- f) Neonatal Resuscitation.

Q.3 Long answer question : answer any **ONE** of the following: **(12)**

- a) Define Growth and Development. **(02)**
- b) Enlist principles of Growth and Development. **(04)**
- c) Explain the various factors affecting Growth and development in child. **(06)**

OR

- a) List down National Health programs for children in India. **(02)**
- b) Explain current trends in Child Health Nursing. **(04)**
- c) Discuss Role of Child Health Nurse. **(06)**

SECTION – II

Q.4 Write short answer on **ANY FIVE** of the following: **(10)**

- a) Define Hirshsprung's Disease.
- b) Define Diarrhea.
- c) Define Meconium Aspiration syndrome.
- d) Define Kwashiorkor.
- e) List down behavioural problem in child.
- f) List down congenital Heart Diseases.
- g) List down skin Diseases in children.

Q.5 Write short answer on **ANY FOUR** of the following: **(16)**

- a) Epispadiasis.
- b) Explain types of Burn.
- c) Classification of Tracheo Esophageal Fistula.
- d) Child Guidance clinic.
- e) Vit A deficiency disorders and rich sources.
- f) Care of child with Spina Bifida.

Q.6 Long answer question : answer any **ONE** of the following: **(11)**

- a) Enlist component of IMNCI. **(02)**
- b) Explain principles of IMNCI. **(04)**
- c) Role of Nurse in IMNCI **(05)**

OR

- a) Define Thalassemia. **(02)**
- b) Enlist causes and clinical Manifestation of Thalassemia. **(04)**
- c) Explain Medical and Nursing Management of child with Thalassemia. **(05)**

* * * *

BACHELOR OF SCIENCE (NURSING) (2007 COURSE)
T. Y. B. Sc. (Nursing) : SUMMER : 2022
SUBJECT: CHILD HEALTH NURSING PAPER-I

Day : Thursday
Date 21-Apr-2022

S-995-1-2022

Time : 10:00 AM-01:00 PM
Max. Marks: 75

N.B.

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate **FULL** marks.
- 3) Answers to both the sections should be written in **SEPARATE** answer book.

SECTION – I

Q.1 Write short answer on **ANY FIVE** of the following: **(10)**

- a) Define pediatric.
- b) Define child guidance clinic.
- c) Enlist types of breast milk.
- d) Meaning of exchange blood transfusion (EBT).
- e) Enlist role of nurse in IMNCI.
- f) Enlist sources of Vitamin A.
- g) Define global developmental delay.

Q.2 Write a short notes on **ANY FOUR** of the following: **(16)**

- a) Family centered care
- b) MR vaccine
- c) Preparation of ORS at home
- d) Principles of management of low birth weight neonate
- e) Play therapy
- f) Role of nurse in care of hospitalized children.

Q.3 Long answer question on any **ONE** of the following: **(12)**

- a) Define CSSM **(02)**
- b) Discuss objectives and strategies for attainment of objectives. **(04)**
- c) Write in detail about reproductive and child health programme. **(06)**

OR

B/o Laxmi admitted in NICU with concern of hypothermia. Answer the following:

- a) What is neonatal hypothermia? **(02)**
- b) Explain the factors responsible for neonatal hypothermia. **(04)**
- c) Discuss nursing management of neonate with hypothermia. **(06)**

P.T.O.

SECTION – II

Q.4 Write short answer on **ANY FIVE** of the following: **(10)**

- a) Define hydrocephalus
- b) Define Nephrotic syndrome
- c) Define GCS(Glasgow coma scale)
- d) Define sinusitis
- e) Define rheumatic fever
- f) Define spina bifida
- g) Define juvenile Delinquency

Q.5 Write a short notes on **ANY FOUR** of the following: **(16)**

- a) Breath holding spell
- b) Marasmus
- c) Intestinal obstruction
- d) Wilm's tumor
- e) Thalassemia
- f) Hypospadias

Q.6 Long answer question on any **ONE** of the following: **(11)**

Meena is 12 years female diagnosed with tubercular Meningitis

- a) Describe causes of tubercular Meningitis. **(02)**
- b) Clinical features of tubercular Meningitis. **(04)**
- c) Focus on medical and nursing management of it. **(05)**

OR

- a) Define PEM **(02)**
- b) Enlist etiological factors and explain IAP classification of PEM. **(04)**
- c) Explain in detail management of PEM **(05)**

* * *

Day : **Saturday**
Date : **05-06-2021**

Time : **10:00 A.M. TO 1:00 P.M.**
Max. Marks : 75

S-2021-995

- N.B.:** 1) All questions are **COMPULSORY**.
2) Figures to the right indicate **FULL** marks.
3) Answers to both the sections should be written in **SEPARATE** answer books.

SECTION - I

- Q.1** Write short answer on **ANY FIVE** of the following: (10)
a) Define child guidance clinic.
b) Define BFHI.
c) Define Neonatal Sepsis.
d) Enlist Nutritional programme.
e) Define Wilm's tumor.
f) Define child Morbidity.
g) Define kerning's sign.
- Q.2** Write short answer on **ANY FOUR** of the following : (16)
a) Nursing care of a child with colostomy. (02)
b) Clinical manifestation of child with Thalassemia. (05)
c) ICDS programme. (08)
d) Classify Anorectal malformations.
e) Kangaroo mother care (KMC).
f) Difference between adult and child.
- Q.3** Long answer question: answer **ANY ONE** of the following : (12)
a) Define Cleft lip and palate. (02)
b) List the problems of baby with cleft lip and palate. (04)
c) Plan health education to parents of child with cleft lip and palate. (06)
- OR**
- a) Define Burns and Scalds. (02)
b) Explain the degrees of burns. (04)
c) Explain the fluid management in burns. (06)

SECTION - II

- Q.4** Write short answer on **ANY FIVE** of the following: (10)
a) Define and Psychosocial theory.
b) Define APGAR score.
c) Define Mega colon.
d) Enlist acyanotic disorders.
e) Define under five clinics.
f) Define immunization.
g) Define Spina-Bifida.
- Q.5** Write short answer on **ANY FOUR** of the following (16)
a) Measles.
b) Freud's Psychosexual stages of development.
c) Classification of Tracheo-esophageal fistula (TEF).
d) Jones criteria in Rheumatic fever.
e) Nursing Care of child with Pneumonia.
f) Weaning in children.
- Q.6** Long answer question: answer **ANY ONE** of the following : (11)
a) Define 'Growth and Development'. (02)
b) Explain the various factors affecting growth and development in child. (04)
c) Discuss in detail growth and development pattern with developmental task in 9 months age infant. (05)
- OR**
- a) Define Newborn. (02)
b) Elaborate the various skin findings observed in a newborn. (04)
c) Discuss the essential newborn care in detail. (05)

T.Y. B.Sc. (NURSING) (2007 COURSE): SUMMER - 2020
SUBJECT: CHILD HEALTH NURSING

Day : **Thursday**
Date : **10-12-2020**

Time : **9:00AM TO 12:00 NOON.**
Max. Marks: 75

S-2020-995

N.B.

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate **FULL** marks.
- 3) Answers to both the sections should be written in **SEPARATE** answer book.

SECTION - I

- Q.1** Write short answer on **ANY FIVE** of the following: **(10)**
- a) Define Morbidity Rate
 - b) Enlist types of accidents in children
 - c) Define grief
 - d) Enlist rights of children
 - e) Define temper tantrum
 - f) Define birth asphyxia
 - g) Define APGAR score
- Q.2** Write a short notes on **ANY FOUR** of the following: **(16)**
- a) Current trends in pediatric nursing
 - b) Cold chain
 - c) Characteristics of healthy neonate
 - d) Baby friendly hospital initiative
 - e) Management of child with Cushing syndrome
 - f) Under five clinics
- Q.3** Long answer question on any **ONE** of the following: **(12)**
- Master Raju three years old child come to pediatric OPD for routine checkup.
- a) Define growth and development. **(02)**
 - b) Enlist principles of growth and development. **(04)**
 - c) Discuss the development milestones of Master Raju. **(06)**

OR

- a) Define hospitalization. **(02)**
- b) Explain Freud's development theory. **(04)**
- c) Write reaction of Master Raju towards hospitalization. **(06)**

P.T.O.

SECTION – II

Q.4 Write short answer on **ANY FIVE** of the following: **(10)**

- a) Define immunization.
- b) What is exclusive breast feeding?
- c) Enlist functions of Vitamin D.
- d) Define drowning
- e) Define stridor
- f) Define club foot
- g) Define enuresis

Q.5 Write a short notes on **ANY FOUR** of the following: **(16)**

- a) Jones criteria
- b) Level of prevention of mental retardation
- c) Thumb sucking
- d) Home care of infant
- e) ORS
- f) Measles

Q.6 Long answer question on any **ONE** of the following: **(11)**

- a) List down the problems of young infant. **(02)**
- b) List down the signs of severe bacterial infection. **(04)**
- c) How will you classify possible bacterial infection? **(05)**

OR

- a) Define diarrhea **(02)**
- b) Classify dehydration **(04)**
- c) Formulate a nursing care plan on two priority need base care of a child suffering with moderate dehydration. **(05)**

T.Y. B.SC. (NURSING) (2007 COURSE) : SUMMER - 2019
SUBJECT- CHILD HEALTH NURSING

Day : Thursday
Date : 25/04/2019

Time : 10.00 A.M. TO 01.00 P.M.
Max.Marks.75

S-2019-4336

N.B.

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate **FULL** marks.
- 3) Both the section should be written in **SEPARATE** answer book.

SECTION-I

Q.1 Write a short answer on **ANY FIVE** of the following **(10)**

- a) Define Universal immunization programme
- b) Enlist Equipment's of cold chain system
- c) Define Neonatal convulsions
- d) Define Addison's disease
- e) Define Meconium Aspiration Syndrome
- f) Importance of complementary feeding
- g) Enlist National programmes

Q.2 Write a short notes on **ANY FOUR** of the following **(16)**

- a) Grief management in children
- b) Mid-day meal programme
- c) Immediate management of normal newborn
- d) Classify a color code of IMNCI according to treatment
- e) Child guidance clinic
- f) Immunization schedule

Q.3 Long answer question: Answer **ANY ONE** of the following **(12)**

- a) Define PEM **(02)**
- b) Classify PEM as per IAP guidelines **(04)**
- c) Formulate a diet plan for a child with moderate PEM **(06)**

OR

- a) Define diarrhea **(02)**
- b) Classify dehydration **(04)**
- c) How you will manage sick child with age of 5 Yrs. **(06)**

P.T.O.

SECTION-II

Q.4 Write a short answer on **ANY FIVE** of the following **(10)**

- a) Define colostrum
- b) Define diarrhea
- c) Clinical manifestation of Vitamin C deficiency
- d) Define pneumonia
- e) What is Apnea prematurity
- f) Define mental retardation
- g) Define under five clinic

Q.5 Write a short notes on **ANY FOUR** of the following **(16)**

- a) Components and principle of IMNCI
- b) Ophthalmia Neonatorum
- c) Thumb sucking
- d) Child guidance clinic
- e) Trends in care of handicapped
- f) Phobia

Q.6 Long answer question: Answer **ANY ONE** of the following **(11)**

- a) Define spina bifida **(02)**
- b) Classify spina bifida **(04)**
- c) Discuss nursing management of child with spina bifida **(05)**

OR

- a) Define Fracture. **(02)**
- b) Classify fracture. **(04)**
- c) Discuss nursing management of child with fracture. **(05)**

* * * *

T.Y. B.SC. (NURSING) (2007 COURSE) : SUMMER - 2018

Signature of Examiner: _____

Q.1 M.C. Qs:

SECTION-I

- 1) Surfactant is decreased or absent in
 - a) Emphysema
 - b) Bronchial asthma
 - c) Respiratory distress syndrome in children
 - d) RDS in adult

- 2) Acute Bronchiolitis is commonly caused by
 - a) Respiratory syncytial virus
 - b) Adenovirus
 - c) Parainfluenzae type -3
 - d) Mycoplasma

- 3) According to Jones criteria. Major manifestation of rheumatic fever are all except
 - a) Carditis
 - b) Subcutaneous nodule
 - c) Chorea
 - d) Prolonged PR interval

- 4) All are true of Nephrotic syndrome **except**
 - a) RBC casts in urine
 - b) Hypoproteinemia
 - c) Oedema
 - d) Hyperlipidemia

P. T. O.

- 5) For diagnosis of Diabetes mellitus Fasting blood sugar level (for 2 separate occasion)
- a) 118 mg / dl
 - b) 126 mg / dl
 - c) 140 mg / dl
 - d) 80 mg / dl
- 6) Blood specimen for neonatal thyroid screening is obtained on
- a) Cord blood
 - b) 24 hrs after birth
 - c) 48 hrs after birth
 - d) 72 hrs after birth
- 7) Christmas disease or Hemophilia 'B' is because of deficiency of which of the following coagulation factor
- a) Factor V
 - b) Factor VIII
 - c) Factor IX
 - d) Factor XI
- 8) Average age at which first tooth erupts is
- a) 4-5 months
 - b) 5-6 months
 - c) 6-7 month
 - d) 7-8 month
- 9) Loss of natural angle between the nail plate and nailbed with boggy fluctuation of the nailbed is called as
- a) Cyanosis
 - b) Acrocyanosis
 - c) Clubbing
 - d) Fisting
- 10) Number of deaths of children below 28 days of age in year per total number of live births in same year is known as
- a) Fetal death
 - b) Neonatal mortality rate
 - c) Perinatal mortality rate
 - d) Post neonatal mortality rate

- 11) The unconscious sexual desire of a girl for her father along with feeling of hostility and fear towards her mother is called as
- a) Oedipus complex
 - b) Guilt
 - c) Electra complex
 - d) Inferiority
- 12) A 29 years old primi gravida delivers a viable male neonate who is given an APGAR score of 8, the nurse concludes that the neonate's physical condition is
- a) Good
 - b) Fair
 - c) Poor
 - d) Critical
- 13) Soft hair all over body of the newborn is called as
- a) Vernix caseosa
 - b) Milia
 - c) Lanugo
 - d) Hemangiomas
- 14) When caring for neonate receiving phototherapy the nurse should remember to
- a) Decrease the amount of formula
 - b) Massage the neonates skin with oil
 - c) Dress the neonate warmly
 - d) Reposition the neonate frequently
- 15) At 2-3 yrs age group children plays independently but among the group is
- a
- a) Stage of observer
 - b) Stage of parallel play
 - c) Stage of solitary play
 - d) Stage of associative play

T.Y. B.Sc. Nursing (2007 Course) SUMMER-2018

SUBJECT: CHILD HEALTH NURSING

Day: Thursday
Date: 19-04-2018

Time: 10:00AM TO 1:00P.M.
Max. Marks: 60

S-2018-3867

N.B.:

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate full marks
- 3) Answers to both the sections should be written in separate answer book.

SECTION -II

- Q.1** Write short notes on Any **FIVE**: (15)
- a) Essential newborn care
 - b) Reactions of the pre-schooler towards hospitalization
 - c) Under five clinic
 - d) KMC (kangaroo mother care)
 - e) Difference between Adult care and child care
 - f) Cold chain
 - g) Care of a Newborn on phototherapy
- Q.2**
- a) Define the term 'Growth and development'. (02)
 - b) Explain about various factors affecting growth and development of a Newborn. (05)
 - c) Discuss in detail growth and development pattern with developmental task of a toddler. (08)

OR

- Q.3** Master Ronak 4 month old infant admitted in pediatric surgery ward with the complaints of fluid filled sac on lumbo- sacral region and increase head circumference.
- a) Define the term spina bifida. (02)
 - b) Explain the difference between Spina bifida cystica and spina bifida occulta. (05)
 - c) Discuss in detail pre and post operative management of a child with spina bifida. (08)

SECTION-III

- Q.4** Write short notes on Any **FIVE**: (15)
- a) Management of Diabetic Ketoacidosis
 - b) Vitamin A deficiency
 - c) Nursing management of child with colostomy
 - d) Management of child with Nephrotic syndrome
 - e) Types of Hypospadiasis
 - f) Classification of congenital Heart Disease.
 - g) Discharge planning of a child with seizure
- Q.5** Master Nikhil 5 year old baby admitted in pediatric ward for the treatment of acute lymphocytic leukemia. Answer the following:
- a) Explain classification of leukemia. (02)
 - b) Enlist the clinical manifestation of acute lymphocytic leukemia (03)
 - c) Explain the Nursing management of master Nikhil (06)
 - d) Plan a health education for master Nikhil parents. (04)

OR

- Q.6** Ms. Rani 1 year old admitted in Pediatric ward for the Management of Hydrocephalus.
- a) Explain the types of Hydrocephalus. (03)
 - b) Enlist the clinical Manifestation of Hydrocephalus. (03)
 - c) Describe the surgical and Nursing management of Ms. Rani. (06)
 - d) Plan a health education for Rani's Parents. (03)

SHARAYU -III (2007 COURSE): SUMMER- 2015
SUBJECT: CHILD HEALTH NURSING

Day: Wednesday
Date: 22-04-2015

Time: —
Max Marks: 15

N.B:

- 1) All questions are **COMPULSORY**.
- 2) Put a tick mark in the appropriate box.
- 3) Use **BLUE** or **BLACK** pen only.
- 4) Each question carries **ONE** mark.
- 5) Students will not be allotted marks if **HE/ SHE** overwrites, strikes or puts white Ink on the cross marks.

Q. 1 MCQs:

SECTION-I

- 1) The simplest method of assessment of fetal well being is _____
 - a) Fetal movement monitoring
 - b) Non- Stress test
 - c) Contraction stress test
 - d) Fetal breath
- 2) Tertiary level care to the newborn is being given at _____
 - a) Labor room
 - b) NICU
 - c) Postnatal ward
 - d) Normal Newborn Nursery
- 3) The ratio of chest compression to ventilation in neonatal resuscitation
 - a) 2:1
 - b) 3:1
 - c) 5:1
 - d) 2:3
- 4) Child survivor and safe Motherhood Programme is jointly funded by _____
 - a) UNICEF & WHO
 - b) UDP & CARE
 - c) UNFPA & World Bank
 - d) World Bank & UNICEF

P.T.O

- 5) The total number of new cases of diseases, present in population at a specified time is known as _____
- a) Incidence rate
- b) Prevalence rate
- c) Mortality rate
- d) Morbidity rate
- 6) Normal respiratory rate of newborn is _____
- a) 20-25 per minute, regular
- b) 35-50 per minute, slightly irregular
- c) 30- 40 per minute, regular
- d) Hard to determine because they are shallow
- 7) Head circumference of the newborn at birth _____
- a) 38-40cms
- b) 32-37cms
- c) 24-26cms
- d) 28-30cms
- 8) Surface tension in the alveoli is reduced by the help of _____
- a) Histamines
- b) Surfactant
- c) Phosphates
- d) Phosphor dycholin
- 9) All are the features of 3rd degree burn **except** _____
- a) Leathery skin
- b) Painful
- c) No blister / vesicles
- d) Involvement of fat
- 10) Thalassemia is a disease with _____
- a) Genetic defect
- b) Thalassemia tumour
- c) Viral infection
- d) Sex- linked
