

BACHELOR OF SCIENCE (NURSING) (2019 COURSE)
T. Y. B. Sc. (Nursing) : SUMMER : 2023
SUBJECT : MEDICAL SURGICAL NURSING-II

Day : Monday

Time : 10:00 AM-01:00 PM

Date : 14-08-2023

S-22433-2023

Max. Marks : 75

N.B.:

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate **FULL** marks.
- 3) Answers to both the sections should be written in **SEPARATE** answer books.

SECTION – I

Q.1 Write short notes on **ANY FIVE** of the following: **[10]**

- a) Define Triage.
- b) Rehabilitation of Burns patient.
- c) Principles of emergency management.
- d) List down Personal Protective Equipment.
- e) Team members in Disaster management.
- f) Explain speech therapy.
- g) Eye irrigation.

Q.2 Answer **ANY FOUR** of the following: **[16]**

- a) Role of nurse in use of Defibrillator
- b) Classification of Burns
- c) Oncological Emergencies
- d) Physical setup of Critical Care Unit
- e) Cardiopulmonary resuscitation
- f) Management of Drug overdose

Q.3 Mr. Kulkarni a 65 years old male is diagnosed with carcinoma of Rectum. He is posted for permanent colostomy. Answer the following:

- a) Describe the causes of Carcinoma Rectum. **[02]**
- b) List the clinical manifestation of Carcinoma Rectum. **[03]**
- c) Explain the post-operative management for Mr. Kulkarni in relation to colostomy. **[04]**
- d) Describe the health education for Mr. Kulkarni. **[03]**

OR

- a) Define Aging. **[02]**
- b) List down the theories of Aging. **[03]**
- c) Explain Abuse in Elderly. **[03]**
- d) Describe the physiological changes in Elderly. **[04]**

P.T.O.

SECTION – II

Q.4 Write short notes on **ANY FIVE** of the following: **[10]**

- a) Tympanic membrane perforation
- b) National blindness control program
- c) Rehabilitation of patients with neurological deficit
- d) Infertility
- e) Pharyngitis
- f) Refractive errors
- g) Bell's palsy

Q.5 Write short note on **ANY FOUR** of the following: **[16]**

- a) Implanted hearing devices
- b) Eye Banking
- c) Paraplegia
- d) Alzheimer's disease
- e) Breast self-examination
- f) Premenstrual Syndrome

Q.6 Write long answer on any of the following.

- a) Define cataracts. **[02]**
- b) Explain the sign and symptoms of cataract. **[03]**
- c) Write the diagnostic evaluation of cataract. **[03]**
- d) Write the nursing management of patient after cataract surgery. **[03]**

OR

- a) Define Cerebro vascular accidents. **[02]**
- b) Explain the sign and symptoms of cerebro vascular accidents. **[03]**
- c) Write the types of Cerebro vascular accidents. **[03]**
- d) Write the nursing management of patient after CVA surgery. **[03]**

BACHELOR OF SCIENCE (NURSING) (2007 COURSE)
T. Y. B. Sc. (Nursing) : SUMMER : 2022
SUBJECT: MEDICAL SURGICAL NURSING-II

Day : Tuesday
Date 19-Apr-2022

S-994-2022

Time : 10:00 AM-01:00 PM
Max. Marks: 75

N.B.

- 1) All questions are **COMPULSORY**.
- 2) Figures to the **RIGHT** indicate **FULL** marks.
- 3) Answer to both the sections should be written in **SEPARATE** answer book.

SECTION – I

- Q.1** Write short notes on **ANY FIVE** of the following. (5x2) **(10)**
- a) List down the complications for Cataract Surgery.
 - b) Enlist special equipment in CCU.
 - c) Define Cystocele and Rectocele.
 - d) Surgical corrections for refractory errors of Eye.
 - e) Types of disasters.
 - f) Define Guillain-Barre's syndrome.
 - g) Classify the types of Burns.
- Q.2** Short answer questions on **ANY FOUR** of the following. (4x4) **(16)**
- a) Psychosocial aspects of ageing
 - b) Post-operative management after Tonsillectomy
 - c) Care of patient on ventilator
 - d) Post Mastectomy exercises
 - e) Retinal detachment
 - f) TNM classification of cancer
- Q.3** Long answer questions on **ANY ONE** of the following. (1x12) **(12)**
- Mrs. Saraswati is admitted in critical care unit and diagnosed as having seizure.
- a) Define Seizure. **(01)**
 - b) Mention the stages of Seizures. **(03)**
 - c) Describe the medical management of Seizure. **(03)**
 - d) Write the nursing process for patient with Seizure. **(05)**
- OR**
- Mr. Ruban is admitted with the diagnosis of severe Burns.
- a) Define Burns. **(01)**
 - b) Explain pathophysiology of Burns. **(03)**
 - c) Rehabilitation of patient with Burns **(03)**
 - d) Write the nursing process for patient with severe Burns. **(05)**

P.T.O.

SECTION - II

- Q.4** Write short notes on **ANY FIVE** of the following. (5x2) **(10)**
- a) Define Cerebrovascular Accident.
 - b) Role of Nurse in prevention of infection in I.C.U.
 - c) Brachytherapy.
 - d) Common surgical procedure in Burns.
 - e) Abortion.
 - f) Breast self-examination.
 - g) Define Otitis Media.
- Q.5** Short answer questions on **ANY FOUR** of the following. (4x4) **(16)**
- a) Nursing responsibility in Lumber puncture
 - b) Causes of infertility in women
 - c) Nursing care of patient receiving radiation therapy
 - d) Health education for a patient with Colostomy
 - e) Temporary contraception
 - f) Classification of Glaucoma
- Q.6** Long answer questions on **ANY ONE** of the following. (1x11) **(11)**
- a) Define infection control. **(02)**
 - b) Explain functions of infection control Nurse. **(04)**
 - c) What measures you will take to control hospital acquired infections? **(05)**
- OR**
- a) List the risk factors of Breast Cancer. **(02)**
 - b) Write the investigations of Breast Cancer. **(04)**
 - c) Write post-operative nursing care of Radical Mastectomy. **(05)**

* * * * *

T.Y. B.Sc. (NURSING) (2007 COURSE): SUMMER – 2021
SUBJECT: MEDICAL SURGICAL NURSING – II

Day: Thursday

Date: 03-06-2021 S.2021-894

Time: 10:00AM-TO 1:00P.M.

Max. Marks. : 75

N.B.:

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate **FULL MARKS**.
- 3) Answer to the board section should be written in the **SEPARATE** answer book.

SECTION – I

Q.1 Write short notes **Any Five** of the following. **(2x5)** **(10)**

- a) Management of drug overdose.
- b) Specify the types of natural disaster.
- c) Surgical management of cataract.
- d) Enumerate the possible occupational health disorders.
- e) Enlist the causes of seizure.
- f) Define Triage.
- g) List four cosmetic surgery.

Q.2 Write short notes **Any Four** of the following. **(4x4)** **(16)**

- a) Describe the types of shock.
- b) TNM classification.
- c) Otitis media.
- d) Define cataract and enlist its signs and symptoms.
- e) Gene therapy.
- f) Brain tumor.

Q.3 Write Long answer questions **Any One** of the following. **(1x12)** **(12)**

A patient admitted in ENT Unit with diagnosis of foreign body in the ear.

- a) What do mean by foreign body in the ear. **(02)**
- b) Mention its causes. **(02)**
- c) Enlist the sign and symptoms. **(02)**
- d) Write down the complication of foreign body in the ear. **(03)**
- e) Discuss management of patient in detail. **(03)**

OR

A 40-year-old patient admitted in burn unit with diagnosis of 60% burn.

- a) Define burn. **(01)**
- b) Write down its classification. **(03)**
- c) Explain Rule of Nine with Diagram. **(04)**
- d) Write down the methods of fluid calculation for patient with 60% burn. **(04)**

P.T.O.

SECTION – II

Q.4 Write short notes **Any Five** of the following. **(2x5)** **(10)**

- a) Enumerate the causes and signs and symptoms of osteomalacia.
- b) Write down the standard safety precautions.
- c) Define tuberculosis and write down its symptoms.
- d) What do you understand by pertussis?
- e) Biomedical waste management.
- f) Legal aspects of Nursing.
- g) Prevention of accidents and hazards in operation theatre.

Q.5 Write short notes **Any Four** of the following. **(4x4)** **(16)**

- a) Intraoperative nursing care.
- b) Management of incontinence.
- c) Empyema.
- d) Portal Hypertension.
- e) Raynaud's disease.
- f) Encephalitis.

Q.6 Write Long answer questions Any One of the following. **(1x11)** **(11)**

- a) Define head injury. **(02)**
- b) List down the classical signs and pathophysiology of head injury. **(04)**
- c) Write pre and post-operative nursing care plan for patient undergoing surgical management for head injury. **(05)**

OR

Mr. Ramesh admitted with diagnosis of Glaucoma.

- a) Define glaucoma. **(02)**
- b) Aetiology of glaucoma **(03)**
- c) Diagnostic test for glaucoma. **(03)**
- d) Medical and nursing Management of glaucoma. **(03)**

* * * *

T.Y. B.Sc. (NURSING) (2007 COURSE): SUMMER – 2020
SUBJECT: MEDICAL SURGICAL NURSING – II

Day: Friday
Date: 04-12-2020 S-2020-994

Time: 1:00 P.M. TO 4:00 P.M.
Max. Marks. 75

N.B.:

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate **FULL** marks.
- 3) Answer to the board section should be written in the **SEPARATE** answer book.

SECTION – I

Q.1 Write short notes **Any Five** of the following. **(2x5)** **(10)**

- a) Define abortion and enumerate its types.
- b) List down the refractive errors of eye.
- c) List down the symptoms of parkinsons disease.
- d) List down the complications of otitis media.
- e) Define cancer and enlist its warning signs.
- f) Define tonsillitis and enlist its signs and symptoms.
- g) State complications of shock and haemorrhage.

Q.2 Write short notes **Any Four** of the following. **(4x4)** **(16)**

- a) What are the age related body changes, describe in brief.
- b) Explain the different types of disaster management.
- c) Uterine tumors.
- d) Principles of critical care nursing.
- e) Eye banking.
- f) Write a note on chemotherapy.

Q.3 Write Long answer questions **Any One** of the following. **(1x12)** **(12)**

Mr. Ramesh is admitted with diagnosis of oral cancer.

- a) Enlist the causes of oral cancer. **(01)**
- b) Write TNM classification for oral cancer. **(03)**
- c) Discuss in detail about the management of oral cancer. **(04)**
- d) Prepare a nursing care plan for Mr. Ramesh. **(04)**

OR

- a) Define Epilepsy. **(01)**
- b) Write down the causes of epilepsy. **(02)**
- c) Enumerate the sign and symptoms of epilepsy. **(02)**
- d) Discuss the diagnostic evaluation of epilepsy. **(03)**
- e) Write its management in detail. **(04)**

P.T.O.

SECTION – II

Q.4 Write short notes **Any Five** of the following. **(2x5)** **(10)**

- a) List down the components of palliative care.
- b) Write down the pathophysiology of myasthenia Gravis.
- c) Breast self-examination.
- d) Enlist the types of chemotherapeutic agents.
- e) Fluid resuscitation of burn victim.
- f) Disaster preparedness.
- g) Age related changes in elderly.

Q.5 Write short notes **Any Four** of the following. **(4x4)** **(16)**

- a) Tympanic membrane perforation
- b) Care of patient with increased intracranial pressure
- c) Toxic shock syndrome
- d) Bone Marrow transplantation
- e) Nursing Management of the client on ventilator
- f) Care of critically ill patient

Q.6 Write Long answer questions **Any One** of the following. **(1x11)** **(11)**

- a) Describe various causes of Menopause **(03)**
- b) List various signs and symptoms of menopause **(03)**
- c) Discuss briefly the management protocol and role of nurse in caring clients undergoing menopause **(05)**

OR

Mr. Ramlal has visited the ENT Outpatient department and diagnosed as a case of Rhinitis

- a) Define Rhinitis **(02)**
- b) List down the various causes of Rhinitis **(02)**
- c) Discuss in brief the clinical features of Rhinitis **(03)**
- d) Write in detail its management **(04)**

* * * *

T.Y. B.SC. (NURSING) (2007 COURSE) : SUMMER - 2019
SUBJECT: MEDICAL SURGICAL NURSING – II

Day : Thursday
Date : 02/05/2019

S-2019-4337

Time 10.00 A.M. TO 01.00 P.M.
Max. Marks: 75

N.B.

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate **FULL** marks.
- 3) Answers to both the sections should be written in **SEPARATE** answer book.

SECTION – I

- Q.1** Write short notes on **ANY FIVE** of the following. (2x5) **(10)**
- a) List down possible occupational health disorders.
 - b) Specify two types of surgical procedure for stomach cancer.
 - c) Define infertility.
 - d) List two congenital abnormalities of female reproductive tract.
 - e) Specify the types of natural disasters.
 - f) List down the refractive errors of eye.
 - g) State complications of stroke.
- Q.2** Short Answer Questions on **ANY FOUR** of the following: (4x4) **(16)**
- a) Otitis media
 - b) Psychological aspects of aging
 - c) Brain tumors
 - d) Endometriosis
 - e) Multiple sclerosis
 - f) Glasgow Coma Scale
- Q.3** Long Answer Questions on **ANY ONE** of the following: (1x12= 12)
- Mrs. Sneha is admitted with diagnosis of Cancer of breast.
- a) Mention the TNM classification of Cancer. **(01)**
 - b) List out the clinical manifestations of Cancer breast. **(03)**
 - c) Discuss in detail about the management of Cancer breast. **(04)**
 - d) Prepare nursing care plan for Cancer breast. **(04)**

OR

Mr. Ramesh is admitted with the diagnosis of Glaucoma.

- a) Define Glaucoma **(01)**
- b) State the causes of Glaucoma. **(02)**
- c) Explain the diagnostic test in Glaucoma. **(02)**
- d) Describe the medical surgical management in Glaucoma. **(03)**
- e) Plan a post-operative nursing care for a patient who had undergone eye surgery. **(04)**

P.T.O.

SECTION – II

- Q.4** Write short notes on **ANY FIVE** of the following: (2x5) **(10)**
- a) Pre-operative management of patient undergoing tonsillectomy
 - b) Management of patient with paraplegia
 - c) Nasal polyps
 - d) Headache
 - e) Psychosocial aspects of aging
 - f) Infection control ICU
 - g) Rhinitis
- Q.5** Short Answer Questions on **ANY FOUR** of the following: (4x4) **(16)**
- a) Differentiate between cardio version and defibrillation
 - b) Tracheostomy care
 - c) Role of nurse in elderly abuse
 - d) Blepharitis
 - e) ACLS
 - f) Nursing care of patient receiving radio therapy.
- Q.6** Long Answer Questions on **ANY ONE** of the following: (1x11=11)
- Mr. Prakash 40 year's old male admitted with 86% of burns in Burns unit.
- a) Define Burns **(02)**
 - b) Explain rule of nine in detail **(02)**
 - c) Explain degrees of burn wound with diagram. **(04)**
 - d) Describe measures to prevent infection in Burn Unit. **(03)**
- OR**
- Mr. Gaikwad Bharat is admitted with diagnosis of Parkinson's disease.
- a) Define Parkinson's disease **(02)**
 - b) Describe pathophysiology of Parkinson's disease. **(02)**
 - c) Describe clinical manifestation of Parkinson's disease. **(04)**
 - d) Write medical and nursing management of Gaikwad Bharat. **(03)**

T.Y. B.SC. (NURSING) (2007 COURSE) : SUMMER - 2018

SUBJECT : MEDICAL SURGICAL NURSING - II

Day : **Tuesday**
Date : **24/04/2018**

S-2018-3869

Time : **10.00 AM TO 01.00 PM**
Max. Marks : 15

N.B.:

- 1) All questions are **COMPULSORY**.
- 2) Put a tick mark in the appropriate box.
- 3) Use blue/black ball point pen only.
- 4) Section - I should be completed in **20** minutes.
- 5) Each question carries **ONE** mark.
- 6) Student will not be allotted any marks if he / she overwrites strikes or puts ink on the box once marked.

Seat No. _____

Signature of Supervisor : _____

Marks Obtained : _____

SECTION - I

M.C.Q.

- 1) In case of chemical eye injury, the initial nursing action is to _____.
 - a) Begin visual acuity testing
 - b) Irrigate the eye with sterile normal saline
 - c) Swab the eye with antibiotic ointment
 - d) Cover the eye with pressure patch
- 2) A skin graft that is taken from another portion of a patient's own body is known as _____.
 - a) Allograft
 - b) Autograft
 - c) Homograft
 - d) Heterograft
- 3) Women who have mutations on BRCA 1 and BRCA 2 are at high risk to develop _____.
 - a) Cancer cervix
 - b) Cardiovascular disease
 - c) Cancer breast
 - d) Osteoporosis
- 4) While preparing a patient for cerebral angiogram the nurse checks for _____.
 - a) Allergy to salmon
 - b) Allergy to iodine or shellfish
 - c) Calustrophobia
 - d) Excessive weight

P.T.O.

- 5) Which of the following tonometer reading would be indicative of glaucoma?
- a) Pressure of 10mm of Hg
 - b) Pressure of 15mm of Hg
 - c) Pressure of 20mm of Hg
 - d) Pressure of 25mm of Hg
- 6) The precipitating factor for myasthenic crisis is _____.
- a) Too little exercise
 - b) Increase intake of fatty acids
 - c) Omitted doses of medication
 - d) Excess medication
- 7) The WHO analgesic ladder describes _____.
- a) Management of acute pain
 - b) Management of chronic pain
 - c) Management of cancer pain
 - d) Management of radiating pain
- 8) A sudden loss of an area of vision, as if a curtain was drawn over the eye is highly suggestive of _____.
- a) Retinal detachment
 - b) Glaucoma
 - c) Cataract
 - d) Keratitis
- 9) A patient comes to the emergency department bleeding profusely after a fall. He would be at risk for _____.
- a) Hypovoleumic shock
 - b) Cardiogenic shock
 - c) Septic shock
 - d) Neurogenic shock
- 10) One of the most important nursing interventions for the patient with a seizure disorder is to _____.
- a) Provide a safe environment
 - b) Maintain effective gas exchange
 - c) Provide appropriate knowledge of condition
 - d) Instruct the patient in self care activities

- 11) The focus of care in a hospice is to _____.
- a) Prolong life
 - b) Improving quality of life
 - c) Continue to seek curative treatment
 - d) Provide active treatment for the illness
- 12) The nurse is aware that the most sensitive indicator of increased intracranial pressure in a patient is _____.
- a) Increase in blood pressure
 - b) Decrease in level of consciousness
 - c) Agitation and hostility
 - d) Rise in temperature
- 13) The nurse would expect to see which serum lab changes during the emergent phase of burn injury _____.
- a) High sodium, low potassium
 - b) High sodium, high potassium
 - c) Low sodium, high potassium
 - d) Low sodium, low potassium
- 14) For which of the following conditions would a myringotomy be an appropriate intervention?
- a) Rupture of eardrum
 - b) Otorrhea
 - c) Presbycusis
 - d) Eustachian tube blockage
- 15) The first symptom of cervical cancer is often _____.
- a) Abdominal pain
 - b) Excessive menstrual pain
 - c) Vaginal pain and foul discharge
 - d) Thin, watery discharge

T.Y. B.Sc. Nursing (2007 Course): SUMMER-2018
SUBJECT : MEDICAL SURGICAL NURSING - II

Day : Tuesday
Date : 24-04-2018

Time : 10:00AM TO 1:00.P.M.
Max. Marks : 60

S-2018-3869

N.B.:

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate **FULL** marks.
- 3) Answers to both the sections should be written in the **SEPARATE** answer books.

SECTION - II

- Q.2**
- a) Define Glaucoma. [02]
 - b) Describe clinical manifestations and diagnostic tests for glaucoma. [06]
 - c) Discuss nursing management of patient with glaucoma. [06]

OR

- a) Define stroke. [02]
- b) Explain the signs and symptoms of stroke. [04]
- c) What are the complications of stroke? [03]
- d) Write the nursing management of patient with stroke. [05]

- Q.3** Write short notes on **ANY FOUR** of the following: [16]
- a) Hypovolumic shock
 - b) Physiological changes in old age
 - c) Management of epistaxis
 - d) Role of a nurse in prevention of infection in ICU
 - e) Degrees of uterine prolapse
 - f) Clinical manifestations of Parkinson's disease

SECTION - II

- Q.4**
- a) Enlist risk factor for Ca larynx. [02]
 - b) Describe surgical approaches for Ca Larynx. [04]
 - c) Discuss preop and postop management of patient undergoing partial laryngectomy. [08]

OR

- a) Enlist warning signs of cancer. [03]
- b) Differentiate between benign and malignant neoplasma. [03]
- c) Explain various approaches of cancer prevention. [03]
- d) Describe nursing process of a patient receiving chemotherapy. [05]

- Q.5** Write short notes on **ANY FOUR** of the following: [16]
- a) Principles of critical care nursing
 - b) Fluid resuscitation in emergent phase of burn injury
 - c) Clinical manifestations of patient with increased intracranial pressure
 - d) Emergency treatment of heat stroke
 - e) Weaning from ventilator
 - f) Post mastectomy exercises

- 1) All questions are **COMPULSORY**.
- 2) Put a tick mark in the appropriate box.
- 3) Use blue/ black ball point pen, only.
- 4) Section I should be completed in **20** minutes.
- 5) Each question carries **1** mark.
- 6) Student will not be allotted any marks if he/she overwrite strikes or puts ink on the box once marked.

Seat No: _____

Signature of Supervisor _____

Marks Obtained _____

SECTION-I

- Q1** The Normal Intraocular pressure is.
- a) 10 to 21 mm of Hg
 - b) 30 to 40 mm of Hg
 - c) 5 to 8 mm of Hg
 - d) 70 to 80 mm of Hg
- Q2** Otagia is a.
- a) Wax in the ear
 - b) Pain in the ear
 - c) Infection or middle ear
 - d) Impacted cerumen
- Q3** To prevent injury in Parkinson's disease nurse should.
- a) Aids for ambulation
 - b) Provide ROM
 - c) Administer the medication
 - d) Give upright position
- Q4** The most serious complications of sinusitis include.
- a) Headache
 - b) Pain
 - c) Meningitis
 - d) Rhinitis

P.T.O.

Q5 A patient with head injury is being monitored for increased ICP. The earliest sign of increased ICP is a change in.

- a) Pupil response to light
- b) Level of consciousness
- c) Blood pressure
- d) Motor and sensory function.

Q6 The structures of the brain that control respirations and HR are located in the.

- a) Cerebrum
- b) Brainstem
- c) Cerebellum
- d) Cortex

Q7 When anticoagulants are used to reduce the risk of stroke the INR should not exceed.

- a) 1.5
- b) 2.0
- c) 2.5
- d) 3.0

Q8 Modifiable risk factor for stroke include the following.

- a) Age
- b) Race
- c) Gender
- d) Hypertension

Q9 A patient's chart notes that he has had complete transection of the spinal cord at T₈. You would expect the patient to be.

- a) Ventilator dependent
- b) Paraplegic
- c) Comatose
- d) Tetraplegic

Q10 Which radiologic test is used to detect breast cysts or tumors especially those not palpated on physical examination.

- a) Culdoscopy
- b) Breast sonography
- c) Mammography
- d) Colposcopy

Q11 The normal PCWP is.

- a) 18 to 20 mm Hg
- b) 8 to 13 mm Hg
- c) 20 to 30 mm Hg
- d) 30 to 50 mm Hg

Q12 The shockable rhythm in ACLS is.

- a) Atrial fibrillation
- b) Ventricular fibrillation
- c) Atrial flutter
- d) Heart block

Q13 Distance, time and shielding are key principles to protect from.

- a) Chemotherapy
- b) Radiation therapy
- c) Palliative treatment
- d) Surgical intervention

Q14 Which of the following types of seizure is most common?

- a) Partial seizure
- b) Tonic-clonic
- c) Atonic
- d) Absence

Q15 For an otoscopic examination of the external auditory canal of an adult the examiner should.

- a) Pull the auricle straight up
- b) Pull the earlobe down
- c) Pull the auricle up and back
- d) Pull the auricle straight back

SHARAYU- III: SUMMER-2015 (2007 Course)
SUBJECT: MEDICAL SURGICAL NURSING-II

Day: Monday
Date: 20-04-2015

Time: 9-00 A.M. To 12-00 Noon
Max. Marks: 60

N.B:

- 1) All questions are **COMPULSORY**.
- 2) Figures to the right indicate **FULL** marks.
- 3) Answers to both the sections should be written in **SEPARATE** answer books.

SECTION-II

- Q.2 Mr. Joshi a 55 year old man admitted to ICU with the H/O fever and lowerlimb weakness. He is diagnosed as a case of Guillain Barre Syndrome.
- a) Define Guillain Barre Syndrome. (02)
 - b) List down the signs and symptoms of Guillain Barre Syndrome. (03)
 - c) List down the Diagnostic procedures of Guillain Barre Syndrome. (03)
 - d) Write Nursing Care Plan to Mr. Joshi. (06)

OR

Mr. Rajesh is Admitted to surgical ward with generalized weakness and continuous cough with haemoptysis. He is diagnosed for cancer.

- a) Enumerate etiology and risk factors of Ca lung. (03)
- b) Enlist the clinical Metastasis of Ca lung. (04)
- c) Write post operative Management of Mr. Rajesh after lobectomy. (07)

- Q.3 Write short notes on **ANY FOUR** of the following: (16)
- a) Glaucoma
 - b) Nursing assessment of the ear
 - c) Nasal Polyps
 - d) Headache
 - e) Diuretic
 - f) Spinal shock

SECTION-III

- Q.4 Mrs Rathod is admitted to burn ward with 60% burns.
- a) - Explain the rule of 9s. (03)
 - b) Explain the pathophysiology of burns. (04)
 - c) Role of nurse in prevention of complications of burns. (07)

OR

- a) Describe the physiologic changes in body systems of geriatric patients. (06)
- b) List down the theories of aging. (02)
- c) Explain the Psychosocial factors associated with aging. (06)

- Q.5 Write short notes on **ANY FOUR** of the following: (16)
- a) Uterine prolapse
 - b) BSE
 - c) TNM staging system for cancer
 - d) Basic Life Support
 - e) Radiation therapy in cancer
