Declaration

This is to certify that the thesis titled “A study to assess the effectiveness of planned intervention on perception of grief and coping strategies of mothers of children with selected chronic diseases in selected hospitals of Pune city.” submitted by me is my original work and has not been submitted earlier for an award of any degree or publication.

It is further certified that whatever material has been borrowed from other sources for incorporation in the thesis has been duly acknowledged.

I shall be responsible and accountable for any plagiarism if detected later on

Mrs. Dhanya M. Nair

Acknowledgement

This effort is my academic pursuit would not have been a reality but for the constructive support, guidance and encouragement rendered by a number of people whose help I specially recognize through this acknowledgement.

At first I am grateful to Almighty God whose grace, unconditional love and blessings accompanied me throughout the study.

I express my profound gratitude to my Guide Dr. T. Bhattacharjee who through her constant encouragement, valuable guidance and sustained patience made me accomplish this study.

I extend my gratitude to Dr. Sneha Pitre, Principal Bharati Vidyapeeth College of Nursing for her guidance and timely support from the inception till completion & submission of the study.

I express my sincere gratitude to all faculty members of Bharati Vidyapeeth College of Nursing for their support, encouragement and valuable suggestions, throughout the period of study.

My sincere and whole hearted thanks to Dr. Lalwani, Medical Director, Bharati Hospital Pune, Dr. Vijay Ramanan, Director of Indian Red Cross Society, Pune, and Yashoda Hematological Clinic, Deccan, Pune and Director, Singhad Hospital, Pune for permitting me to conduct the study. I specially thank the participants of the

study. Without their co-operation it would have been impossible to conduct the study.

I am also indebted to Mr. Anto Augustine, Counselor, Chitanya Mental Health Center for the training of Relaxation therapy.

I would like to thank Dr. Meena Ganapathy for her kind willingness to use her coping strategy tool and indirect support and guidance for my study.

My sincere acknowledgement is extended to Mrs. Vaishaly Chirmade for her valuable guidance in statistical analysis.

I would like to thank Mrs. Manisha Shinde for translating the tool and information booklet in Marathi Language.

I like to dedicate this thesis to my beloved father, (Late) Mr. Manmadhan Nair for his abundant love and blessings on me. I am proud to submit this effort of mine to them.

And finally I also express my appreciation for the constant encouragement, unending love and patience that husband, son, my mother and in-laws have given during my study period which this dream of mine could never have been realized.

Dhanya M. Nair
